

Because that's what God does!

Sometimes life *breaks us up*. When that happens, God is able to *fix us up*. For all of us, God is in the process of *finishing us up* until we are brand new.

Wayne Morgan is the Northeast Regional Coordinator for the National Network of Youth Ministries. His adventurous spirit and love for God's Word will come together for memorable illustrations and practical application as he teaches us.

Winter Blast at Streamside is filled with both spiritual challenge and winter fun! It's a weekend packed with interactive sessions, indoor and outdoor games, snow tubing, good food, hanging out with friends and meeting new people.
